

PRESS RELEASE

15 October 2018

ISI Selected as Power Partner by Orca Gold

Orca Gold, <http://www.orcagold.com/>, performed a tender process in Q1 2018 and has officially selected Inglett & Stubbs International (ISI), <http://www.isiprime.com/>, as their partner for developing the Power Station solution for the Block 14 Mine Project in Sudan. Orca Gold and ISI have formalized this selection process by jointly entering into a Memorandum of Understanding which defines the steps for finalizing the technical and commercial requirements and development of the formal agreements between the parties.
